For some new members, this was their first time to play at an activity. One of our husband and wife teams, Wendell and Janet Jeffery, have been taking classes for about a year before their first performance. You would have thought they were a professional team! The residents loved the music and want us to return again soon real.

Mary has also been working the ‘press circuit’ and had recently generated several articles for her group as well as spots on many local TV and radio stations in and around Springfield. She wrote her own article, complete with quotes from class members and circulated it to her local press - and presto! Everyone is working hard recruiting new members. We love our chapter.
