# The 'Pity' Song

by: Bil Curry

*Here's a song you can play for all those who come to you wanting pity but don't really deserve it. They might laugh or they might get mad. Either way, it's a lot of fun to play this song while they tell you their sad tale. Just imagine the world's smallest violin playing the world's saddest song. There are two ways to play this song.*

First, if you just want to tease the "pitiful one", press General Setup (Preset) #4 and play just the main melody (begins right after the written Intro) with no style. Use the violin sound on the lower right keyboard. On the other Lowreys, play the orchestral string sound on the upper keyboard. They'll get the message.

If you want to enjoy playing the whole song, here's the setup:

1. Turn off the Style Setup / Rhythm Preset button
2. Press General Setup #4
3. Use the style "Basic Ballad" or "50's Love Songs" (Auto Bass 2 on this one).
4. If you have a violin sound on the lower right, use it to play lines 3 ~ 6 & the last 3 lines.

Play the Intro and top 4 lines of the 2nd page on the upper keyboard.

Do not use the Intro/Ending button but play the written introduction and at the end press that Intro/Ending button for a nice ending.
